All competitors (Speedway 500cc) must hold valid Speedway / Track Racing license issued by the Estonian Motorcycling Federation (EMF), Latvijas Motorsport Federācija (LaMSF), Moottoriliitto Finland ry (SML) or FIM/FIM EUROPE.

Foreign riders must submit starting permission of their FMN.

**Technical rules for Speedway 80 ( junior speedway)**

Motorcycles must be equipped with a functional ignition kill switch, that is capable of stopping a running engine. The ignition cut-out must be fitted on the handlebar, as close as is practicable to the throttle. The ignition cut-out must stop the engine immediately, by the simple action of pulling a lanyard or a non-elastic string (which must be as short as possible) attached to the rider's right wrist.

Motorcycles must be fitted with mudguards. Recommended distance from the rear wheel tyre surface and the rear end of the rear mudguard max 35mm.

If a push bar is used, it should be made in one piece, of strong material which should

not break under impact and must not protrude any higher than 35mm above the rear mudguard.

Rear wheel size: max 17"

Motorcycles must be equipped with a single cylinder, 2-stroke ( max 85cc) or 4-stroke ( max 125cc) engine,

**Technical rules for Speedway 500 according FIM Technical Rules for Track Racing (Including Rules for Motoball) 2014.**
